

Y2 Homework

Explorers!

These homework tasks are designed to be fun, inspiring and child directed. You must complete 2 tasks from the selection on the sheet. There is even a blank space if you want to add your own.

Moving models!

Be creative! Make a vehicle using some construction equipment of your choice e.g. lego, meccano, junk. Can you find a way to make the wheels move?

Your own Task

Exciting explorers!

Make a fact sheet about an explorer of your choice. Where did they go and what did they do there?

My log book

Explorers often have to keep a log of what they do on their travels. Keep a record of what you do on one day at the weekend. Make sure you draw clocks or write the times alongside what you did.

Be an explorer!

Ask your parents if you can visit a new place you haven't been before. Record your visit by writing about it, take photographs or draw pictures

Spring Term 1

Celebration: 8/2/18

Enjoy getting creative!

We are looking forward to seeing your fantastic work!

What a wonderful world!

Use the internet or books to find out about a place in the world you would like to visit. Draw pictures and write about it.

Be a designer!

Can you design an exciting piece of equipment for an explorer to take on his/her travels. Use labels to explain what the different parts of your equipment can do. You could even make it!
