

PE & SPORTS GRANT 2014/2015 UPDATE

EVALUATION & IMPACT

This year we have had a very successful year in regards to sports and PE at Penwortham Primary School. As well as offering a wide range of PE lessons and clubs, we have entered many of the South Ribble sports competitions and tournaments. In addition to the timetabled PE lessons, other activities offered included:

After School Coaching Sessions Funded by Sports Premium	Additional Sports Coaching
Tag-Rugby Tennis Gymnastics Tri-Golf Multi-Sports Striking Activities (Cricket, Rounders etc) 	Pro Skills Soccer Hi-5 Netball Football Kwik Cricket Cross Country Ju-Jitsu Swimming 

The Sports Premium Funding has allowed us to buy-in to the South Ribble 'Active Schools Programme' which offers high quality, specialist coaching sessions both in-school and extra curricular activities after school - a partnership we hope will continue!

PARTICIPATION EVALUATION

One of our main focuses for this year was to:

'Increase participation and competitive sports for all (especially girls)'

The South Ribble After School Coaching Sessions proved very popular. Uptake figures did highlight the percentage uptake for girls was 9.6% lower than that for boys—a target for us to improve on next year!

Number of Children who attended	Boys	Percentage	Girls	Percentage
93	51	54.8%	42	45.2%

The children who took part in the coaching sessions were asked:

Have you ever been coached or participated in these activities before	Boys (Y)	Boys (N)	Girls (Y)	Girls (N)
93	43.1%	56.9%	40.4%	59.6%

The number of after-school club places taken up in the funded (South Ribble Sports Programme) and non-funded sports coaching (teacher run and outside organisations) was 221 in total, broken down as follows:

Number of Places	Boys	Percentage	Girls	Percentage
221	123	55.6%	98	44.4%

Over the year we have seen an improvement in the number of girls joining the after school clubs. This is the first year that we have monitored the uptake and we are sure that by introducing a more varied range of sports coaching we will encourage the girls to become more active.

INTRODUCING KS1 & RECEPTION TO NEW SPORTS ENCOURAGING AND PROMOTING AN ACTIVE LIFESTYLE

During the academic year Key Stage 1 and Reception pupils, through the South Ribble Active Schools programme, have participated in activities such as Cricket, Orienteering, Hockey, Gymnastics, Dance and Tots on Trikes.

COMPETITIVE SPORTS

Penwortham Primary School has had a very successful year in all the competitions we have entered and perhaps the biggest achievement has been how often the children's behaviour and sportsmanship has been commented on by the organisers and staff from other schools. Congratulations and well done to all our children!!!

Achievements to date:	Football finalists	Runners Up (18 teams)
	Cross Country—Girls	3rd (10 schools)
	Girls Cricket	3rd (14 schools)
	Swimming Gala	3rd (8 schools)

TARGETS FOR 2015/2016

Our targets for next year are:

- To ***'increase participation and competitive sport for all'***
- A 50% take-up by girls in extra curricular activities during academic year 2015/2016
- To increase SRBC input into sporting opportunities for our EYFS and Infant children by more than 50% over the academic year.
- To provide at least 5 extra curricular sports based clubs for EYFS and Key Stage 1 pupils over the academic year 2015/16.
