

These homework tasks are designed to be fun, inspiring and child directed. You must complete 2 tasks from the selection on the sheet. There is even a 'your task' if you want to add your own.

Y1 Homework

Summer Term 1

Celebration day: 24.5.18

Enjoy being creative!

We are looking forward to seeing your fantastic work!

Design and Technology

Night-time designers needed!

Make Blue a comfy bed so he can sleep soundly after a busy day at school learning all the things we do. Add some graphemes, maths symbols and special words (e.g. nouns, verbs, time words etc) to help him remember when he is doing his homework.

Science/Maths

Scientific mathematicians!

Go on a materials hunt around your home. How many items can you find made from wood, metal, plastic and fabric or bendy, shiny, soft, heavy? Take some pictures then make a simple bar chart to show what you found!

Trip/English

Terrific travellers record their travels!

Go and visit the 'Great Outdoors', it could be a family walk, a trip to a park, a castle, the seaside, or anywhere else outdoors. Take photographs and write about your adventure! Include where you went and what you did.

This can be factual like a recount using I and time words such as first, next, later, finally.

or

You can turn your adventure into a fictional story and add, magic, imaginary characters such as, dragons, giants, princes, knights or just some new friends!

Geography

Planners wanted!

Create a plan of a room in your house or your garden. You need to create symbols and add a simple key. If you're feeling really clever you could add some measurements for example the door might be 1m wide.

Phonics

Phoneme detectives.

Make an objects trash/treasure game to include real house objects (*table, bed, plate*) and made up house objects (*nable, zeb, ploot*) for other children to sort.

Your Task

A task of your choice related to 'The Great Outdoors' theme.
