

These homework tasks are designed to be fun, inspiring and child focused.

Your child must complete **at least 2** tasks from the choices on the sheet.

There is a blank space if you are feeling inspired and you want to add your own.

Y4 HOMEWORK

HUNTED

Trip

Habitat Adventure

Choose a habitat to explore, e.g. seashore, moorland, pond. Write about, draw or take photographs of the creatures you see there.

Art

Minibeast Design

Design your own minibeast and write about its preferred habitat and adaptations.

English

Predator/Prey Poem

Write a poem about an animal hunting or being hunted (remember poems do not need to rhyme but sometimes rhyme, alliteration and patterns help a poem flow). Feel free to add actions and sound effects.

Design Technology

Survival Recipe

Imagine that you are going out hunting for several days. Design or find a recipe for a suitable meal which will give you plenty of energy for your trip.

Your Task

Summer Term 2 - 2018

Hand in by: **12.7.18**

Celebration: **12.7.18**

Maths

Minibeast Hunt/Tally

Do a tally chart of the different minibeasts you spot in one week. With your results create graphs and charts. Write a question sheet for someone to answer that relates to your charts.

Geography/Science

Nature Journal

Research the wildlife (creatures and plants) in your own back garden or local park. Create a mini nature journal to record your findings.

Science

Homemade Ecosystem

Create your own ecosystem in a **plastic** jar/container. Use the instructions in the following link to help you.
