

These homework tasks are designed to be fun, inspiring and child focused. Your child must complete at least 2 tasks from the choices on the sheet.

There is a blank space if you are feeling inspired and you want to add your own.

Y4 HOMEWORK

Water, Water Everywhere

Trip

Manchester Museum

Visit the Manchester Museum and explore the Ancient Egypt and Sudan exhibition. Take photographs or draw pictures and write about your day out.

Art

Death Mask

Create a drawing of a death mask. This can be based on an ancient death mask or a design of your own choice. You may choose to paint, colour or use coloured chalk to complete your work.

English

Egyptian Report

Write a non-chronological report about the Egyptians and everything that you have found out about them. You can also carry out some of your own research to find out more,

History

Pyramid Model

Design and make your own ancient Egyptian pyramid using materials of your choice.

Your Task

Summer Term 1 - 2018

Hand in by: 24/5/18

Celebration: 24/5/18

Maths

Capacity of Containers

Collect 6 different containers and fill them to the brim with water. Measure the capacity of each of these containers in l and ml.

Geography

Rivers of the World

Research rivers of the world. Find out which is the main river in each continent, the longest river in each continent and the widest in each continent. Record your findings.

Science

Making Ice-Cream

Make your own ice-cream and explore what happens when you cool down cream. Instructions for making this can be found on the Planet Science website,

Extra Challenge- What if...you tried using yogurt or soya milk instead of cream? Find out what happens.
