

EYFS Homework

SPACE

These homework tasks are designed to be fun, inspiring and child directed. You must complete 2 tasks from the selection on the sheet. There is even a blank space if you want to add your own.

English

Share a story or information book about space with an adult. Talk about your favourite fact or part of the story.

History/ICT

Find out about space travel. Look in books and on the internet. You can ask an adult to write down what you find out.

Art

Design an alien. What shape will he/she be? How many legs/arms? Does he have eyes, mouths or antennae? What clothes do they like to wear?

Science

Can you name all of the planets? Do you know anything about them? Draw one and write down anything you can find out about it.

Spring Term 1
Celebration: 14.2.19

Maths

Can you count down for blast off? Practise counting down from 10 and then 20. Record this in any way you like!

DT

Be a designer! Draw and label a space ship or rocket, or build a junk model. Think about what parts your rocket will need.

Your Task
